PROFESSIONAL SUMMARY

Results-driven Senior Lead Developer and Designer with 8+ years of experience building scalable, high-performance web applications and responsive digital experiences. Specialized in frontend development, UI/UX implementation, SEO optimization, accessibility standards, and technical leadership across cross-functional teams.

EDUCATION

Pamantasan ng Lungsod ng Pasig

Bachelor of Science in Computer Science
Cumulative GPA: 1.67

Pasig City, Metro Manila

June 2014 – April 2018

WORK EXPERIENCE

Transcosmos Asia Philippines Inc. — Pasig City

Senior Lead Developer | April 2019 – Present

- Led frontend development for enterprise-level web applications
- Collaborated with cross-functional teams to translate business requirements into efficient technical implementations
- Conducted code reviews and enforced development standards to ensure clean, maintainable, and optimized code
- Improved website performance, responsiveness, SEO, accessibility, and reduced load times across multiple projects
- Mentored developers and provided technical guidance to support team growth and project delivery

Cusyma Technologies Co. — Quezon City

Software Engineer | April 2018 – March 2019

- Developed and maintained web applications based on project and client requirements
- Built reusable frontend components and resolved technical issues to improve system functionality
- Worked closely with designers, QA, and developers to ensure smooth project implementation and testing
- Supported API integration, cross-browser compatibility, and technical documentation

I-Asiatic Innovations — Pasig City

Front-End Developer | November 2017 – February 2018

- Developed responsive and user-friendly web pages using HTML, CSS, and JavaScript
- Converted UI/UX design mockups into functional and optimized frontend interfaces
- Ensured website compatibility, performance, and proper display across different devices and browsers
